God Hears Your Sound

There's a pain within
Which can be found
It is the sound
That God hears aloud

Your cry is unique
With affliction so deep
God hears your weeping
from His heavenly seat

From all your distress
Even though it may be a test
God knows what's best
He loves and sets free

So don't keep silent
Make your petitions heard
For Jesus is your Healer
Keep standing on His Word

Vibrate your sound
To incline the Master's ear
For every sound pulse and wave
Will change your atmosphere

**This poor man cried, and the Lord heard him,
and saved him out of all his troubles.**

Psalm 34:6

**Be encouraged to journal or write down
your daily reflections of how God has delivered you
from your troubles.**
